

### **It might be time to make that *switch*?**

**For a limited time only, VIPRE is initiating its *SWITCH* sales program EXCLUSIVELY to current owners of nationally recognized Voice Stress Analyzer systems!**

**\$3995** (SWITCH Program Participant Only / includes Crossover Instrument Certification. Please add \$60 for Shipping & Handling.)

To qualify for the VIPRE *SWITCH* sale program, we require only a certified affidavit from your department identifying that you are the registered owner of a nationally recognized voice stress analyzer system.

**Unlike our previous conversion program which often resulted in frustrating conversations for many departments when discussing the return process with your current VSA vendor, you are no longer required to return your currently owned VSA. We suggest you keep it and see firsthand comparatively what a difference new technology makes in the field.**

#### **STEP 1**

Call VIPRE at 1-800-918-4773 and request you SWITCH Program Pack. We will then e-mail or FAX your organization the VSA Affidavit form and VIPRE Switch Program Agreement.

#### **STEP 2**

Fax VIPRE (1-800-918-2857) the signed *VIPRE SWITCH Affidavit Form* and *Program Agreement* and a Purchase Order for \$3,995.00. Your new VIPRE H-2500 Voice Stress Field Unit will be customized and shipped to your agency within 10 business days.

**Go to [www.vipresystems.com](http://www.vipresystems.com) today and we'll be glad to help you make the switch!**
